UPDATE ON FEDERAL HAVA GRANT - VOTER EDUCATION & OUTREACH

Attached is a chart detailing the voter outreach campaign made possible by federal Help America Vote Act (HAVA) grant funding. Behind the chart are photographs of representative billboard and bus posters that are currently on display throughout the County. I'm sure you've also seen full-page ads in the Los Angeles Times and other print media that advise voters that the three options for voting in Los Angeles County are:

- 1) Vote early using touchscreen
- 2) Vote early by mail, or
- 3) Vote on Election Day at neighborhood polling place

(See attached October 23 ad.)

The ad campaign involves a mixed media approach with the goal of achieving maximum exposure to County residents in order to conduct voter education and outreach, especially in the area of informing voters on how to use the InkaVote voting system.

Additional full-page advertisements will appear this weekend in major print media to encourage voters to avoid the busiest hours of Election Day by voting mid-day if possible.

Please call me if you have any questions regarding this report or any other election preparation activity.
