LOS ANGELES – Los Angeles County Registrar-Recorder/County Clerk (RR/CC) Dean C. Logan announced the tenth post-Election Night ballot count update for the 2022 General Election.

The update includes **10,331** ballots processed since Saturday's update (November 19). The total election results count is now **2,451,654** which is **43.56%** of registered voters. Election results can be viewed on LAVOTE.GOV.

- **Vote by Mail ballots (VBM):** 14,000
- **Conditional Voter Registration ballots:** 1,100

The outstanding Vote by Mail ballots left to be processed is pending signature cures from voters whose signature on the Return Envelope was missing or did not match their registration record. These voters have been notified with instructions on how to cure their ballot to be counted. The RR/CC will accept cure notices through December 3, 2022.

Based on the minimal number of outstanding ballots left to be processed, the next ballot count update will be on Tuesday, November 29. The full schedule of result updates can be viewed on the [Canvass Update Schedule](#).

Outstanding estimates are Countywide and are not currently available by jurisdiction as ballots are received and processed in batches from throughout the County. The RR/CC prioritizes the timely processing, verifying, and counting of outstanding ballots in the [Official Election Canvass](#).

The Official Election Canvass is a 30-day period in which the RR/CC processes and verifies all outstanding ballots to ensure that every eligible ballot cast by Election Day is counted.
